Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects *in any condition of the system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

MURDERED IN INSANE ASYLUM.

Lizzie Halliday, a murderess, confined in the Matteawan Hospital for insane criminals, at Newburgh, N. Y., yesterday made a murderous assault on a female attendant, Miss Nellie Wicks, aged 21. Miss Wicks had occasion to go into the lavatory adjoining the ward about 8:30. The Halliday woman followed her in, knocked her down and taking a pair of scissors from Miss Wicks, stabbed her in the throat. Miss Wicks died two hours later. Lizzie Halliday, who is a gipsy, in 1893 killed her husband, Paul, and two women, concealing the bodies under the house at Darlingham, a little place in Sullivan county.

An insane fondness for Miss Wicks and violent opposition to the nurse's impending departure from the hospital was the motive which prompted Mrs. Halliday to the murder. Mrs. Halliday had displayed a great deal of affection for Miss Wicks and the nurse had made her one of her most trusted patients. A few weeks ago Miss Wicks told Mrs. Halliday that she was going to leave the hospital to engage in private nursing.

Mrs. Halliday seemed to be greatly depressed and begged the young woman not to leave, and declared that she would kill her before she would allow her to leave the asylum. Although Mrs. Halliday had made several attacks on other attendants, she has also made so many idle threats that no attention was paid to her threat. Miss Wicks pretended to humor her, but continued her preparations to leave. Yesterday morning when Miss Wicks entered the lavatory Mrs. Halliday followed her and locked the door on the inside, leaving the key in the door, so that none of the other attendants could open it. Then Mrs. Halliday knocked the young woman down and attacked her with her scissors. Miss Wicks' shriek brought the other attendants to the scene and they forced the door and overcame the insane woman after a desperate struggle. Miss Wicks' home was on Long Island, where her parents now reside.

Although taken unawares by an antagonist far more than a match for her, Miss Wicks fought bravely for her life. But it was all in vain, for she was quickly overpowered by the mad woman. Her fury suddenly calmed, Mrs. Halliday did not attempt to make resistance as the other attendants came upon her, standing over her victim's body. On her features was an insane smile, but she did not utter a sound. She was placed under restraint at once.

Mrs. Halliday committed three of the most shocking murders of the latter years of the nineteenth century. She was a gipsy and was queen of a little band which roved over the Hudson and Mohawk Valleys. In 1902 her band was in Sullivan county. At Burlingham, a settlement above Liberty, she met old man Halliday, who lived on a mountain side farm with his aged brother. Halliday was about 65 years old. He and his brother were bachelors.

He fell in love with the gipsy queen and married her. She took the name of Lizzie Halliday. The gipsies celebrated the event, elected another queen and moved on.

Mrs. Halliday knew that the gipsies would be back the following year. It was in September that the tragedy occurred. A woman and her grown daughter, who lived in Middletown, 15 miles away by wagon road, called on old Halliday in regard to some property. They were never seen alive again. The nearest neighbor observed that Halliday had suddenly dropped out of sight. Relatives of the mother and daughter came from Middletown to investigate and when they compared notes with the neighbors who had not seen Halliday they concluded something was wrong. Mrs. Halliday could give no explanation. A search of the premises was made and the nude bodies of the mother and daughter were found in the mountainside barn. Each had been killed by a blow on the head from an axe. Then each had been shot five times in the heart, the five bullets forming a circle. Further search found the body of old man Halliday buried under the floor of the kitchen. He had been killed by a blow on the back of his head. He had also been shot five times in the heart, the bullet holes forming a circle.

Mrs. Halliday was arrested. Her prosecutors showed that she had robbed the two women and planned to sell the little farm.

She was sent to jail at Monticello, across the mountains, and at her trial she was proved insane. Since that she has been in the Matteawan Asylum. In the Monticello jail she tried to kill her keeper, and in a mysterious manner poison was smuggled in to her with which she tried to poison her prosecutors and other prisoners. When she was sent to Matteawan she was considered a most dangerous prisoner.

TUNNEL COMPLETED.

The great tunnel of the Pennsylvania Railroad that runs under Capitol Hill, between the Capitol and the Congressional Library in Washington, was finished yesterday. The tunnel is about four-fifths of a mile long, and is about 80 feet below the surface of the street on Capitol Hill. Of all the many engineering feats involved in the construction of the new terminals of the Pennsylvania Railroad, the building of this tunnel was regarded with most apprehension. Congress cheerfully gave its consent to the building of miles of solid masonry walls and steel bridges over the streets, and all the other details of the great work, but committees of the House and Senate were in session more than a year hearing the engineers of the Pennsylvania Railroad and other expert testimony before they were finally convinced that a tunnel could be built under the plaza between the Capitol and the Library without endangering either of those massive buildings.

The work was begun in December, 1903, at New Jersey avenue and D street southeast, from which point to B street the work was done in open cut. Here the actual tunneling commenced. Four drifts, two upper and two lower levels, just large enough for two men to work, were pushed forward and the timbering emplaced. As the timber arch was formed great shovels, operated by compressed air, dug out the core, the material being hauled away on cars.

The tunnel is known as a "twin" tunnel, so called because it consists of two parallel tubes, separated by a masonry wall, thus making each tube an individual tunnel, containing a single track. This not only eliminates the danger of collisions—since trains in the west tube are southbound and those in the east tube are northbound—but it will make traveling far more comfortable since the trains in each tube going only one way, will clear the tunnel of the gases and the smoke by the current created by the train's motion. The tunnel cost $2,000-,000.

FRIDAY EVENING, SEPT. 28, 1906.

THE United States Steel Corporation, it is said, not only intends to control the Portland cement industry in Chicago, but will invade the east by building a plant near Pittsburg. On October 1, the Universal Portland Cement Company, capitalized nominally at $1,000,000, will take over the plants and business of the cement department of the Illinois Steel Company. It is planned to increase the output of cement by nearly 150 per cent., by the erection of a new plant near Pittsburg. To do this $3,000,000 will be expended, taken from an appropriation made by the management of the steel corporation last spring. When the plants are completed the yearly output will be about 6,000,000 barrels, and will exceed by 10 per cent that of the entire country. Despite the anti-trust laws the trusts seem to grow stronger and stronger every day.

ATTORNEY GENERAL MOODY, notwithstanding the dissipation of republican fears by recent democratic blunders, insists that it may be necessary to again nominate Roosevelt in 1908. This talk of a Roosevelt successorship by Roosevelt's close friends, notwithstanding his unsolicited and repeated declarations that under no circumstances will he again consent to run for the presidency, has a peculiar significance. In this connection the Philadelphia Record asks: "Have Moody, Cannon and other distinguished republicans had an opportunity of peering under the bark of the tree of knowledge at what others may not see, that they thus put themselves at cross purposes with the solemn avowal of the President."

THE GOVERNMENT investigation into the manufacture of alcohol at Hoopeston, Ill., indicates that tons of corncobs, which heretofore have gone to waste, can be converted into alcohol in sufficent quantities to justify the erection of a distilling plant in connection with every corn cannery. The goverment commission succeeded in getting eleven gallons of alcohol from a ton of corncobs and six gallons from a ton of cornstalks. The tests show that there are 240 pounds of fermenting substance in a ton of cornstalks, and that will yield about half its weight in absolute alcohol. Thus a ton of stalks will produce 100 pounds of alcohol or 200 pounds of proof spirits.

COMPTROLLER OF THE CURRENCY RIDGELY, in an address to Pennsylvania bankers, yesterday, said that if the directors were honest and did their duty there was "no reasonable excuse" for a bank's failure. What Mr. Ridgely said is all true, but he told nothing that was not known by every one of his hearers Honest and dutiful men are very apt to succeed in banking as well as in other businesses.

OWING to the increase in the cocaine habit the Anglo-Indian government has imposed stringent regulations under which the mere possession of the drug is a crime, but it looks with very great disfavor upon the announcement of China that it will absolutely prohibit the importation of opium within ten years. India collects an export duty on opium.

OWING to the scarcity of labor in the copper regions production of this metal has fallen short of the demand to the extent that there is fear of a serious famine to the detriment of many new industries under way. Especially manufactures of electrical machinery will feel the scarcity of copper, as the demand for their products is unprecedented.

IT IS announced that many well known democrats throughout New York have come out in opposition to Mr. Hearst and in favor of Hughes. The fear is that the democratic party in New York, has been so disrupted that it will take a long time to recover.

ANOTHER OF the "original Florodora Sextet" girls has married, but doubtless there are many left. Like the widow's cruse of oil, the girls who are drawn from the famous sextet by marriage do not seem to decrease the original stock.

Washington, Sept. 28.

The Weather Bureau is congratulating itself today over the fact that it was able to give warning three days in advance of the approach of the hurricane which is reported to have done so much damage in the South. Owing to the action of the bureau, it is the opinion of Chief Moore that no damage has been done to shipping in the Gulf of Mexico. Vessels that were about to sail were all held in port. The one that General Funston took from Tampa for Havana was delayed two days until the storm had passed that point to the north. It is stated that the storm is steadily decreasing in force. The extent of damage has not yet been learned, but it is feared that the growing crop has been seriously interfered with. Up to ten o'clock this morning no advices regarding loss of life had been received by the Weather Bureau.

Nothing is known at the Japanese embassy of Tom Sato, the young Japanese who was arrested in Atlanta for the alleged participation in the riots there, but subsequently acquitted. The young man is said to be a son of Marquis Sato, one of Japan's statesmen, but the embassy knows nothing of such a person or of the son. Young Sato was arrested on a charge of assisting in the riots, but succeeding in proving to the court that he had nothing whatever to do with them, being merely a spectator It is said Sato was disinherited by his father, who, he says, is a wealthy man and lives on a large estate near Tokio. Sato is married to an American girl and travels for an Oriental rug concern.

Senor Don Gonzalo de Quesada, the Cuban Minister to the United States, resumed charge of his legation today after an absence of several months during which he attended the Pan-American Conference at Rio de Janeiro. He says he has received a dispatch from his government stating instructions as to the cause he is to pursue have been mailed him. The Cubans of the legation here deprecate the apparent haste with which the United States is proceeding.

The Japanese Embassy issued a statement today denying that three perfects of northern Japan were in prison for the embezzlement of a portion of the funds sent by the United States and other governments for the relief of destitute people there.

In a report to the State Department, David E. Thompson, the American Ambassador to Mexico, says that reports from consuls throughout the republic of Mexico show that the celebration of the Mexican Independence Day passed off quietly, and without any evidence of ill-feeling toward foreigners.

Secretary of the Navy Bonaparte has accepted an invitation to make a speech at Atlantic City on October 6th when Navy Day is to be celebrated at that resort. A number of naval officers have been invited to be present.

U. S. Minister Merry, in Costa Rica, cables the State Department that the representatives of Salvador, Guatemala, Costa Rica and Honduras have signed a treaty of amity, commerce and navigation.

The army of the United States is now ready to move to Cuba on an instants notice. Yesterday the full general staff of the army, presided over by Brigadier General J. Franklin Bell, came to a final decision regarding the movements of troops towards Cuba, should the President order intervention. Today the attitude of both army and navy is one of waiting, or preparedness to move the moment the news is flashed from Oyster Bay that Secretary Taft's mission has failed and the President has decided to use the military and naval establishments to force the turbulent Cubans into an orderly form of government.

Celebration.

The completion and successful operation of the Great Falls and Old Dominion railroad from Washington, 12 miles along the Virginia bank of the Potomac river to the Great Falls, was yesterday made the occasion of an interesting celebration by the people of Alexandria and Fairfax counties. The event took place at Great Falls and was concluded with a tournament, speechmaking and dancing in the pavilion. C. W. Beall, Knight of Baltimore Boy, secured first honors, a gold medal, which entitles him to the championship of Maryland, Virginia, and the District of Columbia, and also a set of harness, silver mounted. Mr. Beall crowned, as queen of love and beauty, Miss Pearl Sawyer, of Alexandria county.

H. T. Palmer, Knight of Georgetown Boy, captured second prize, an English riding saddle. Mr. Palmer crowned his wife as first maid of honor. The third prize, an English riding bridle, was won by E. Palmer, Knight of Georgetown, who crowned Miss Martha Baker, of Washington, second maid of honor. W. L. Herron, Knight of Washington Boy, secured fourth prize, a pair of spurs, and crowned Miss Grace Copperthite, of Washington, third maid of honor.

The charge to the knights was made by John R. Stewart, and R. Gordon, Finney delivered the coronation address. The other speakers of the evening were Messrs. R. C. L. Moncure, R. Walton Moore, Crandal Mackey, and C. V Ford. The ball last night was largely attended. An interesting feature of the evening was the formal presentation by the citizens of the two counties of an inscribed gold watch and chain to Mr. George R. Boteler, general manager, of the railroad.

Virginia Banks.

The thriving and prosperous condition of the national banks and people of Virginia is splendidly shown in the abstract of the reports of the bank of that State to the comptroller of the currency. The reports deal with the condition of the eighty-eight banks September 4. There has been an increase of three national banks since August 25, one year ago.

The abstract shows total resources of $89,535,595 against $76,380,592 just one year ago. The total loans and discounts aggregate $53,665,275 against $45,741,878.

The paid in capital stock has increased from $8,343,520 a year ago to $8,801,000 at this time, while the surplus funds have gone up from $4,325,528 to $6,626,688.

The total outstanding circulation of the banks at this time is $7,252,912 against $6,977,382.

The most gratifying item is that of deposits. The total at this time is $50,886,631 against $42,277,158 a year ago, a large increase.

The banks now hold $8,197,798 in deposits of government money, where they held only $1,321,974 one year ago.

Wants $20,000 Damages.

Alleging that a conductor on the Great Falls and Old Dominion Railway placed her under arrest and caused her to be imprisoned in jail for violating the "Jim Crow" car law when, she says, she had committed no offense whatever, Agnes Carver, colored, yesterday instituted suit against the railway company for $20,000. In her petition the woman says that on August 6 last, on her way home in Virginia, she took a seat in the "Jim Crow" section of a car. When the Virginia line was crossed, she says, the conductor requested that she move, which she refused to do, when the conductor arrested her and committed her to jail. She says that she was kept in prison until midnight, when she was released without a charge having been regularly preferred against her and was then compelled to walk in the dark about five miles to her home.

The Market.

Georgetown, Sept. 28.—Wheat 69a72

News of the Day.

Secretary Shaw announced yesterday his purpose to deposit $26,000,000 in depositary banks to believe the stringency in the money market.

In Chicago two carloads of cold storage chickens and ten carloads of meat were yesterday condemned by the chief food inspector and his assistant.

Paul O. Stensland, the former Chicago bank president, has been put to work in the sorting department of the broom factory in Joliet (Ill.) penitentiary.

When told of Hearst's nomination for governor Mr. Bryan said that he was gratified and felt that he would make a strong race, and if elected, a good governor.

Mayor McClellan has issued a statement in which he says that while Hearst was not his candidate he accepts the will of the convention and will support the nominee.

W. Morgan Shuster, a native of Washington, has been appointed Philippine Commissioner and will draw salaries aggregating $15,000. Mr. Shuster is not 30 years old and is a stenographer to the collector of customs in the Philippines.

Mr. Frank Howarth Brown, inventor of the sorts caster, a machine for making type in newspaper offices, made by the National Compositype Company, died yesterday at his home in Baltimore. He had been sick three months. He was 37 years old.

Forty armed and mounted Mexican revolutionists yesterday captured the mining town of Juminez, placing the mayor, chief of police and other officers in jail. Cavalrymen and 40 rangers from Monterey are on their way to the scene of the trouble.

It is reported in New York that Harry K. Thaw is to be examined before a lunacy commission. This step has been decided on by Thaw's lawyers after much persuasion by Mrs. William Thaw. She plans to avoid having him placed on trial for the slaying of Stanford White, preferring to have him sent to the Matteawan Asylum for the Criminal Insane.

Mail advices from Madagascar received in Manila brought news of a sanguinary conflict near Majunga between 150 French troops and a large number of Fahavolo tribesmen, who lost 360 men killed. No details were given of the French casualties, which are stated to have been heavy, the column having been surrounded and placed in a critical situation until the arrival of reinforcements. Other tribes in the northern part of the island are taking the offensive.

Notices have been posted at most of the hotels and private houses in Geneva, at Zurich, Lucerne and other cities in Switzerland announcing that Russians are refused accommodations. This arises from the recent discovery of a Russian bomb depot in Switzerland and the assassination at Interlaken of a Frenchman named Mueller, by Mlle. Leontieff, daughter of General Leontieff, and a niece of the General Trepoff, who mistook her victim for M. Durmovo, the ex-Russian minister of the interior.

The half million members of organized labor in New York State, according to Frank Morrison, secretary of the American Federation of Labor, will support Mr. Hearst, the democratic candidate. This influence will go far, Mr. Morrison thinks, in inducing labor that is unorganized to support the same candidate. President Gompers, of the Federation, will make a number of speeches in New York congressional districts, and it was stated yesterday that he would urge the voters whom he addressed to support the democratic gubernatorial ticket.

Frost was reported yesterday morning from a dozen Iowa cities, although in none of them was it serious enough to damage the corn crops. The mercury dropped to 34° at Estherville and other points in the State were almost as cool. Reports received at Des Moines indicate some damage to small vegetation, but the corn crop is believed to be safe, except in a few isolated portions in the northern part of the State. The first frost of the season visited Norfolk, Neb., Wednesday night. The crops of northern Nebraska and southern South Dakota are safe.

The moderates in Cuba will attend the session of Congress today and try to keep President Palma in office by refusing to accept his resignation. Secretary Taft had intended to intervene and had formulated a plan for a provisional government, but he will now await the result of today's session. Palma last night declared he would not withdraw his resignation. The American commissioners have little confidence in the sincerity of the Cuban politicians. Army and navy departments continue rushing preparations to send ships and men to Havana.

Announcement of Frederick Gebhardt's marriage to Marie Wilson, one of the original members of the "Florodora" sextette, came as a great surprise to local friends of the young woman. Miss Wilson, as she was known on the stage, is a Washington girl, the daughter of Joseph Gamble, of that city, and leaped into prominence in a night through a lucky investment in Wall street. She met Frederick Gebhardt several years ago, and his devotion to her was marked, but at that time she apparently did not care to marry. Miss Gamble was formerly the wife of a young man named Wimsatt of this city.

The State Federation of Labor at Colorado Springs last night adopted a resolution denouncing Henry A. Buchtel, chancellor of Denver University and republican candidate for governor of Colorado. The resolution says: "The Methodist Episcopal Church in all its many publishing houses employs nonunion men and refuses to recognize the eight-hour-day, thus showing clearly that it has higher regard for the dollar than for the men. One of the leading dignitaries of the Methodist Episcopal Church is Chancellor Henry A. Buchtel, of the University of Denver. This man is now the candidate for governor of Colorado on the republican ticket. Therefore, in the light of the attitude of Methodism toward our union and toward all trades unions, resolved, that in Mr. Buchtel we recognize a persistent and avowed enemy of organized labor, and we urge upon all affiliated bodies and members to refuse to cast a vote in his favor."

A Narrow Escape.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

Virginia News.

Otis Burgantine, city sergeant of Culpeper, died in that city yesterday. He was first sergeant of the Culpeper Minutemen.

A reunion of the survivors of the 8th Virginia Infantry will be held at Leesburg on Monday, October 22, with a "camp" fire at night.

Miss Sophia Whitescre, daughter of H. H. Whitescre, a prominent Frederick county farmer, and Hilliary Callahan, an express messenger on the Southern Railway, of Petersburg, were married yesterday at the bride's home, near Winchester.

The 150th anniversary of the founding of the Katoctin Baptist Church, near Round Hill, Loudoun county, will be celebrated Sunday. The pastor, Dr. I. B. Lake, Rev. W. E. Gibson, and Rev. F. P. Berkley will deliver addresses. A history of the church since 1756 will be read.

Capt. F. W. McKinney, formerly of Farmville, where he commanded a military company, and a relative of former Gov. McKinney, ended his life at his home there yesterday by suicide. He swallowed an overdose of laudanum. Capt. McKinney was forty years of age and married.

Grace church near Casanova, through the efforts of one of its communicants, has had built a beautiful entrance porch, and the church is being repainted. St. Stephen's has been repainted and partially re-roofed within the last year, and new ornamental gates added to the yard of St. Luke's, Remington.

The Corporation Commission yesterday heard steamboat lines, express companies and telegraph lines to ascertain the true value of the properties and their incomes in order to make assessments for the current year. The three express companies doing business in Virginia have agreed to accept the rates fixed by the State Corporation Commission without protest.

Senator Daniel was the guest of honor last night and addressed the veterans of Joe Johnson Camp, of Manchester, who held their reunion and barbecue at Forest Hill Park today. Senator Daniel said that he would speak in the campaign, and would make his first address at Martinsville, the date yet to be named by the committee. He declined to discuss the matter of the senatorship and the reported opposition.

DISASTROUS STORMS AND FLOODS

The worst sea storm and hurricane that the Gulf coast has experianced since the village of Pensacola, on San Rosa Island, was swept away, 170 years ago, began Wednesday night and was still raging late yesterday afternoon. It is reported that many lives between Pensacola and the navy yard have been lost. Many houses in that section are surrounded by from 5 to 10 feet of water and many women have been taken from second-story windows and carried to safety in boats. The estimated property damage is $3,000,000. Every house in Pensacola has suffered damage and many roofs were blown off. Telephone and telegraph and electric wires are among the mass. The water front is strewn with wreckage for miles. Vessels are piled on the wharves, or where the wharves once were, in utter ruin. Big iron steamers and many lighter sailing ships are lying high and dry up in the city, where the tide has never been known to reach. Everywhere wharves for miles around have been swept away or are damaged beyond repair. Communication with the outside world is practically cut off. The streets of Pensacola are strewn with timbers, tin roofing and broken glass. It is feared great havoc and loss of life will be shown when reports from the entire section along the coast can be gathered. The Louisville and Nashville Railroad grain elevator has been destroyed, and the trackage at Escambia Bay is ruined. The railroad wharf is a total loss, and 39 carloads of coal were washed into the bay.

Advices from New Orleans say that a tropical hurricane has been driving the water to the Gulf of Mexico inshore for the past 18 hours with wind of 45 to 60 miles an hour. The storm had not abated early yesterday afternoon. Great loss of property, but no loss of life, had been reported up to this time although there have been a number of narrow escapes. Railroads have suffered greatly from the storm and flood. Conditions as yet are not similar to those surrounding the great storm which wrecked Galveston on September 8, 1900. Much apprehension is manifested concerning the fate of outlying towns, it being impossible to get information from them. The barometer in that city just prior to the coming of the storm registered 28.50—as far below the present pressure at New Orleans as that was yesterday below normal.

With the exception of one telegraph wire from Atlanta to New Orleans, via Birmingham, which works spasmodically and is most unsatisfactory, all communication with New Orleans was cut off by the storm yesterday. In the direction of Mobile and Pensacola communication was impossible. Not a word has come from that section of the country since Wednesday night. There have been numerous rumors of great and extensive damage by wind and by tidal waves, but so far there has been no verrification of any of these stories.

An Unfaithful Husband

Mrs Justine Stasulonis was taken to the Schuylkill Haven, Pa., asylum a few days ago a raving maniac, because of the shock she received upon learning of her husband's unfaithfulness. She arrived in this country from Poland several days ago with the intention of joining her husband, John Stasulonis, who has been hereabout three years. She did not apprise him of her coming, and her heart was full of glad anticipation as she contemplated the pleasant surprise which she supposed her unexpected appearance would give him. The wife lost no time in finding him, but the meeting brought only bitter despair. The husband was living with another woman, whom he called his wife, and when his real wife learned of it she became hysterical and then insane.

Today's Telegraphic News

LOSS OF LIFE AND PROPERTY BY HURRICANE.

Memphis, Tenn., Sept. 28.—Great loss of life and property loss running into millions is now believed to have been wrought by the hurricane which swept the coast Wednesday night and yesterday. Mobile, one of the storm centres, is still to be heard from, as well as many villages in the bayou district of Louisiana. Today the storm is sweeping up the Ohio valley after devastating the eastern Gulf states.

Pensacola has suffered the worst of any city yet heard from. Fifty lives are reported loss and the property damage is roughly estimated at $3,000,000. The entire water front is reported wrecked. Piers were destroyed and ships were hurled into the street by force of the wind. Houses were blown down and the streets flooded. These reports are brought by fugitives who have reached points of communication by wire with the outside world. Pensacola is still cut off.

Great anxiety is felt for Mobile. The wires are still down. While the wires in surrounding towns were working at infrequent intervals, yesterday, enough was learned to know that the storm in that vicinity was of great violence. It is feared Mobile suffered as badly as did Pensacola.

To add to the horrors wrought by the hurricane on Wednesday night a fire broke out which caused no little terror until it was placed under control.

Louisiana, along the Mississippi, is known to have suffered severely. No reports have been received, however, to give a definite idea of the damage wrought. Water driven by the high wind from the gulf rolled up the river and overflowed the whole country. Under the circumstances nothing but a miracle can have prevented loss of life.

New Orleans escaped with a severe drenching, and a property loss of about $75,000.

Fears are entertained for the safety of forty passengers known to have been on the steamer Amelia, which started across Lake Ponchartrain just before the storm broke. She has not been reported from any point on the lake.

Numerous pleasure parties are known to have been out in small yachts among the Florida Keys, beyond the reach of storm signals, and it is feared there may have been loss of life among them.

Atlanta, Ga., Sept. 28.—Losses to the amount of $13,000,000 were caused by the terrific hurricane which visited Florida, Alabama, Mississippi and Louisiana, according to reports received here today.

The greatest damage is to the cotton crop. Railroad property to the value of $1,000,000 is reported to be lost. None of the dispatches tells of any loss of life.

Jackson, Miss., reports that 300,000 bales of cotton were ruined with an estimated loss of $12,000,000. Dispatches from Montgomery are meagre, but say the Alabama cotton crop likewise suffered severely. The damage to the property of the Louisville and Nashville Railroad between Flomaton and Pensacola will be about a million. This includes the wrecking of the grain elevator at Pensacola, the washout of the tracks to Escambia bay, and thirty-nine cars of coal washed into the bay.

Washington, D. C., September 28.—The southern storm is central this morning is northeastern Arkansas, much diminished in strength. While reports from the lower Mississippi Valley have not yet been reached, enough is known to warrant the statement that the wind has subsided, and that nearly normal conditions prevail. The storm will doubtless continue in a northerly direction, and merge with a second disturbance that is moving eastward north of the Dakotas.

The winds along the Middle Atlantic Coast will be fresh northeasterly.

Italian Murdered.

New York, Sept. 28.—Reaching its deadly hand across the sea, the avenging vendetta struck down Joseph Montileone, an Italian padrone, while he was felicitating himself before his friends that he had at last, after many years, eluded the agents of the dread society. For years the marked man travelled from place to place in this country, always hoping to throw his shadowers off his track. He returned here last night from western Pennsylvania, and before an invited company congratulated himself that he was safe at last. Walking with a friend, Joseph Murcurio, after dinner, near the Bronx woods, a shadowy figure fell across the path. Before Montileone could move a step a shot was fired. It went wide and the man realizing that his Nemesis faced him at last, turned to flee. A bullet cut him down and he died within a few minutes.

Selling Tickets to Heaven.

Geneva, Switzerland, Sept. 28.—Another religious scandal where the credulity of ignorant persons was worked upon to sell them tickets for their voyage and entrance to heaven, has been discovered. The Abbe Burral, chief of the Apostolic School at Immensee in the canton of Schwytz, is the offending prelate and he is said to have reaped a rich harvest from his victims. The police have brought his trade in tickets to a stop, however, besides referring his operations to the bishop. Abbe Burral had four classes of tickets to dispose of costing 2, 10, 50, and 100 francs each. The tickets resembled bank notes and on their face bore the class to which they consigned the purchaser. "Payable on earth in ready money, and repayable in heaven" was the endorsement on the notes or tickets.

Raids by Japanese Poachers.

Victoria, B. C., Sept. 28.—The sealing schooner City of San Diego, first of the fleet from Behring Sea to arrive here brought news of several more raids made by the Japanese sealing schooners armed with quick firing guns on Copper and Behring Islands, whose rookeries are leased by the American Company from the Russian government. The hunters of the Japanese schooners who boarded the City of San Diego in Behring sea reported that a number of Japanese schooners which made raids on Copper Island were armed with gatlings, with which they bombarded the huts of the guards on the island before landing. During the summer it is estimated twenty Japanese were killed. It is not known how many Russians were shot.

The water works committee of Leesburg have been unable to dispose of the bonds authorized to be issued to the amount of $30,000 for the construction of the water works system. This is due to stringency in the money market. Manassas and other towns have experienced the same difficulty.

THE CUBAN CRISIS.

Havana, Sept. 28.—Secretary of War Taft is expected to proclaim himself Governor of Cuba today. Before nightfall, it is believed, the stars and stripes will again float over the palace and American marines and sailors will be holding the town.

Only President Palma's reconsideration of his decision to resign is regarded as likely to stay this programme. If Palma will remain at the head of the government more time probably will be allowed in which to effect a settlement.

It is not likely Mr. Taft will consent to the election of a successor to Palma by Congress. If there is to be a provisional government, it will be of American manufacture. No more time will be lost by allowing Cuban politicians to play with the United States.

Intervention will not be permanent. It will last only until a new election can be held to choose a regular Cuban President. But the United States will police the country until all danger of disorder is past.

If Taft proclaims himself ruler of the country today, there is mild prospect of fighting. Fiery moderate leaders say the Cuban army will oppose the United States forces with arms. Little attention is paid to such a threat, however.

All preparations are completed for landing forces from the warships in the harbor the moment Secretary Taft issues his proclamation. Congress is to meet at 2 o'clock, but there is still doubt whether a quorum can be secured.

On the outcome of the session or the failure of Congress to meet, probably depends the question of intervention.

Havana, Sept. 28.—On representation made to him at noon by Generals Menocal, Sanchez and Agramonte, that it would be impossible to secure a quorum, of Congress by 2:30, the hour set for Congress to meet, Secretary Taft conceded the veterans who are working for peace until 4:30, in which to secure the quorum.

Liberal members are still undecided whether to stay away from the session, thus preventing a quorum, or to attend, to give a chance for Congress to take action which may prevent intervention.

Havana, Sept. 28.—It now appears certain that a quorum will attend the session of Congress as the liberals are preparing to be present.

Disastrous Fire.

Cleveland, O., Sept. 28.—A stubborn fire is burning in the six-story building of the Pittsburg Plate Glass Company, in the central part of the city. Glass, paint, oils and chemicals are stored there. The fire started from an explosion in the oil room. Near the building are many wholesale business places and factories employing hundreds of girls, boys and men, also the newspaper plants of the News and Press and the Cleveland Theatre. The work of the firemen is menaced by frequent explosions of chemicals. The building and contents will be a total loss, and efforts are in force to protect the adjoining property.

At 10:15 the walls of the building collapsed but no one was killed, although several persons were injured.

Young Roosevelt Arrested.

Boston, Sept. 28.—Teddy Roosevelt, jr., in company with three other Harvard students, was arrested last night for having beaten a policeman. Teddy and others were frolicing on the common last night when a policeman objected to their antics. The students noted the objection by taking away the cops club and revolver, after which they bowled him over and sat upon him. All the students ran but four, including young Roosevelt. The police bundled them off to station house. Young Roosevelt said he had nothing to do with the policeman's troubles and the sergeant let him and his friend go.

Murderer Arrested.

Lancaster, Pa., Sept. 28.—Nicolai Capobiago, an Italian, wanted in Jersey City for the murder of his brother, Dominic, was arrested last night at Columbia. Through a letter mailed at the latter place, the accused was traced and officers were sent to Columbia. Capobiango was arrested in the post-office by Detective Caprio, of Jersey City. The accused admitted his guilt and said the murder resulted from a family quarrel. He was taken immediately to Jersey City.

Suicide in a Boarding House.

Patterson, N. J., Sept. 28—Floyd Brigham, of Binghamton, N. J., committed suicide in a boarding house in this city, today. The man was accompanied by a woman named Cora Paige, who at first claimed to be the victim's wife, but later confessed to Police Captain Taylor that she is a married woman and that she eloped with Brigham from Binghamton two weeks ago. Brigham endeavored to kill the woman with a pair of scissors before he shot himself.

To Release Prisoners.

Warsaw, Poland, Sept. 28.—Terrorists today forced their way into the military prison, shot the commandant fatally, and then made their escape. This attack on the prison commander is regard as the first attempt on the part of terrorists to carry out a new programme of warfare against the government. Circulars were sent to the governors of all prisons this week warning them that an organization had been formed to liberate political prisoners.

A $50,000,000 Coal Vein.

Mahanoy City, Pa., Sept. 21.—Prospectors in the employ of the Reading Cool & Iron Company at the Gilberton and Draper collieries have struck the Lykens vein, which runs over a mile and averages about 12 feet in thickness. The seam is said to be practically inexhaustible. In developing it employment will be provided for several thousand men and boys. Of the richest of purest anthracite, its value is estimated at from $50,000,000 to $75,000,000.

The Confederate reunion yesterday and unveiling of a portrait of General Robt. E Lee presented by his grandson, Mr. R. E. Lee, of Fairfax county, made a memorable occasion in the history of Westmoreland. A large crowd was present. Speeches were made by Governor Swanson, Dr. J. Wm. Jones, Major R. W. Hunter, Colonel R. E. Lee, jr., and others.

Rescue of a Merchant.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds?" Fully guaranteed; 50c and $100 at E. S. Leadbeater & Sons' drug store. Trial bottle free.

To Contest Will.

New York, Sept. 28.—The will of Hermann Oelrichs, who died suddenly at sea Sept. 5, will be contested by his fifteen year old son, Hermann Olerichs. Surrogate Fitzgerald will be asked today or tomorrow to appoint a guardian ad litem to the boy, to bring the contest. In his will, Oelrichs cut off his widow and young Herman on the ground that Mrs. Olerichs had an independent fortune and that she would provide for her son.

TELEGRAPHIC BREVITIES.

Debarred by poverty from buying books and working to become a professor of English, Henry Biermay, a senior student in Columbia College, forgot himself and stole a copy of Shelley's poems and "The Vicar of Wakefield" from a department store in New York yesterday. Bierman is held in jail awaiting an investigation.

Fifty sailors from the American squadron anchored at Naples, were received in audience today by the Pope. They were introduced by the rector of the American Seminary. Pius X. addressed a short sermon in Italian to the sailors and then presented them with sacred medals.

Braving the dangers of the treacherous turns in the roads in the Vanderbilt cup course, Walter Christie drove his 60-horse power car over the distance of 29.67 miles in 27 minutes and smashed the record early today.

The New York police have shut down on gambling in New York. Gaming places and pool rooms have put up their shutters, and Police Commissioner Bingham has given orders to sit tight on the "lid."

John H. Hutton, a street railway motorman, died this morning at the home of his fiance in Rochester, N. Y., a victim of scarlet fever, contracted while he was nursing his side-to-be, while she was suffering from the same disease.

The "unloaded" revolver claimed another victim in Rockland, Me., today, when Frank Weed, a young man, while drawing a bead in practice snapped the trigger and shot and killed Hollis Patterson. Wood is under arrest.

A dispatch from Berlin says that Germany may issue a challenge for the famous America's cup which Sir Thomas Lipton has made three unsuccessful attempts to lift.

A dispatch from Rome says that Baron Mayor des Planches, Italian Ambassador to the United States, has resigned. His successor has not been named.

Mayor George N. B. McClellan of New York announces this afternoon that he would vote the democratic ticket but would not vote for William R. Hearst.

President Roosevelt left Oyster Bay this morning on board the Mayflower on a trip to Cape Cod to observe the gunnery practice of the warships.

Charge Against Policemen.

Charges made by members of the Brotherhood of Locomotive Engineers that Capt. W. H. Matthews and seven of the Fourth precinct station policemen of Washington acted in an inefficient manner on the night Hugh Murphy, an engineer on the Southern Railroad, was scalded to death beneath his engine at Sixth street and Maryland avenue southwest, were heard by the District Commissioners yesterday.

It was declared by a majority of the witnesses that Capt. Matthews and his men assaulted railroad men who were anxious to rescue the unfortunate engineer, and had they not interfered with men who were attempting to lift the engine, their comrade's life would probably have been saved.

A. S. Moffitt, a machinist employed by the Pennsylvania Railroad, testified that he was at work on a jack attempting to lift that part of the engine that pinioned Murphy, when a policeman drove him away.

Capt. Matthews, who acted as his own attorney, asked the witness if it were possible to lift the engine with the jacks that were being used. Moffit stated that the workmen were supplied with three fifteen-ton jacks, and they could have lifted the engine enough to free Murphy. "As a matter of fact," said Moffitt, "the engine had been lifted high enough for Murphy to free his left leg, and we were at work freeing the other leg, when we were driven away."

Capt. Matthews disputed the ability of the jacks to lift the engine.

The testimony of W. O. Ballard, an engineer on the Southern Railway and a resident of this city was to the effect that he and Murphy had been lifelong friends. He was near the scene of the accident and hurried there. Before he got within a dozen feet of the engineer he was stopped by a policeman. After telling of his friendship for the dying man and his anxiety to be of service, the policeman allowed him to pass. "I was in the act of fanning Murphy, who was writhing in agony from the scalding steam, and he was telling me what to say to his wife and children when a policeman grabbed me by the arm, and told me my place was beyond the ropes. The faint cries of Murphy to let me stay were of no avail," said Ballard.

J. L. Reynolds, fireman on the engine which overturned, said: "I leaped for my life, and when I regained my feet I found that my partner was caught beneath the cab of the engine. I hurried to assist Murphy, and Capt. Matthews told me to get away. I informed him that I didn't care to desert my friend and partner when I knew I could be of assistance. Matthews, placing his hand on my arm, said: 'That doesn't make any difference.' However, I stayed," continued Reynolds, "but I saw Matthews drive away the conductor of our train, Mr. Loving, who was in uniform and carrying a lantern. I also saw Matthews hit a man."

Mr. Fendall Home.

After an absence of several weeks spent travelling abroad for the purpose of investigating the street paving of foreign cities Mr. Benjamin T. Fendall, city engineer of Baltimore, returned home yesterday. In anticipation of his arrival at the City Hall during the afternoon the employes in the office of Mr. Fendall had planned to give him a great welcome. His office had been beautifully decorated with flowers, palms and flags. Mr. Fendall, however, having been wearied by the journey went direct to his home, where he remained during the afternoon. Mr. Fendall left Baltimore July 7, and since he landed across the water has visited more than 15 European cities. His mission was to study the problem of street paving as it is dealt with by authorities abroad. Mr. Fendall has made exhaustive investigations, and these will be embodied in a report which he will make in the next week or two to Mayor Timanus and the members of the Board of Awards. Mr. Fendall was very favorably impressed with macadam as used in Germany and London. A wooden paving block factory in Paris, such as has been proposed for Baltimore, did not impress Mr. Fendall favorably.

W. C. T. U. Convention Ends

The twenty-fourth annual convention of the Woman's Christian Temperance Union of Virginia, which met in the First Baptist Church Monday night, closed last night to meet next year in Harrisonburg.

The devotional exercises last night were conducted by Rev. C. D. Bulla, of the M. E. Church South, and the music was by the choir of that church, led by Mr. H. K. Field. Addresses were delivered by Miss Gordon and Mrs. Stevens. After expressing thanks to the citizens of Alexandria for their kindness and to the members for their assistance the meeting adjourned.

Sale Confirmed.

The United States District Court in Baltimore today confirmed the sale of the property of the Osage Manufacturing Company, at the foot of Wolfe street, to the Alexandria Electric Company, the consideration being $19,500. An order was entered directing the transfer of the deeds to the purchasers. The purchase includes all the real estate and the machinery of the Osage Company. The deeds will be delivered to the Alexandria Electric Company on Monday next, and the work of fitting up the buildings will be commenced by the purchasers as soon as possible.

A Seasonable Dish.

Mr. Charles H. Zimmerman, at his restaurant in Market alley, is kept busy supplying oysters to his numerous customers. His fried oysters are especially inviting, and orders for the same are increasing daily. While Mr. Zimmerman's oysters have for years enjoyed a justly-acquired reputation in Alexandria, they are growing equally tempting to people living elsewhere, many of whom regard the enjoyment of a "fry" a necessary adjunct to a visit to this city.

Shoe Companies Consolidate.

The consolidation of the Paff Shoe Company of which Mayor Fred J Paff was president, and the Union Shoe Manufacturing Company has been effected. The new company will be opened at the Paff Shoe Company plant on south Washington street.

It is understood that the stockholders of the company will meet next Tuesday night when Mr. Charles Bendheim will be chosen president and Mr. J. M. Hill secretary and treasurer. Messrs. Bendheim and Hill have held these offices with the Union Company. Mayor Paff will be made one of the directors and will take an active part in the business of the new company. Henry E. Poss and C. E. Devine, who were foreman and assistant foreman with the Union Company, will occupy the same positions with the new concern.

The company will employ about fifty or sixty skilled mechanics, and will be able to turn out about two thousand pairs of shoes a day.

Operations will be commenced in the Paff building in about a week's time, as it will take several days to remove the machinery from the Union Company's quarters, southeast corner of Prince and Fairfax streets.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Charles Sorrell, white, and Thomas Knight, colored, arrested by Chief Goods and Officers Bell, Knight and Lyles charged with breaking into a houseboat and stealing a pair of pantaloons therefrom, were sent to reform schools. Charles Jackson, charged with being a party to the offense, was fined $5.

Two colored women, arrested by Officers Knight and Nicholson charged with keeping unlicensed dogs, were fined $3 each. A colored man, charged with a similar offense, was dismissed.

James P. Hunter and J. Butler, arrested by Officers Knight and Lyles charged with begging on the street, were dismissed upon promising to secure employment immediately.

Lemuel Carter, colored, arrested by Officers Nicholson and Knight charged with promoting policy, had his case continued.

A young white man, arrested by Officers Lyles, Nicholson and Knight charged with assaulting a colored man, was fined $5.

Opera House.

Owing to the Chauncey L. Southern Company who were booked to appear at the Opera House for two weeks, having cancelled their engagement, the management has arranged with the Briton-Runkel Stock Company to fill Mr. Southern's time. This company comes to this city highly recommended by both press and public in cities where they have appeared. They have among their cast several of Mr. Southern's best and noted actors. They carry special scenery for their productions, besides twenty people to produce them. It is a venture on the part of the management to play a company for two weeks' engagement, but in order to have them play at popular prices it was necessary to book them for two weeks. It is hoped that our people will appreciate this fact by giving them a full house nightly. Any lady can get a reserved seat ticket for fifteen cents for the opening performance if purchased on or before 7 p. m. Monday.

Charged with Robbing an Ark.

George Bashford notified the police yesterday that his ark anchored in the cove a short distance north of the old canal had been broken open and a pair of pantaloons stolen. He further stated that $57 was in one of the pockets. Chief Goods and Officers Bell, Knight and Lyles subsequently arrested Charles Sorrell, a white boy; a colored youth named Thomas Knight, and Charles Jackson, a colored man, on suspicion of committing the offense. The trio at first denied all knowledge of the robbery, but later Knight and Sorrell confessed, although they were firm in their assertions that they found no money in the pockets of the pantaloons. The prisoners were brought before Justice Caton in the Police Court this morning. Jackson was fined $5 and Sorrell and Knight were sentenced to the reform school.

Yom Kippur.

At sunset today begins the most sacred of all Jewish religious ceremonials—Yom Kippur, the Day of Atonement. The services will continue for 24 hours, and will bring to a close the penitential period, which began with the Jewish New Year. The day will be observed with fasting on the part of all Jews over 13 years old, and constant prayer on the part of those religiously inclined. It is the time when Jews consider the sins they may have committed during the past year and ask forgiveness. Services will be held in the synagogue on north Washington street at 7:30 o'clock tonight. They will be conducted by Rabbi Louis Kopald.

All places of business in this city conducted by Israelites will be closed tomorrow until 6 o'clock in the evening.

Viewed by 400 People.

About 400 persons (250 of whom were women) visited the Carlyle House yesterday and gazed upon the "head," all that is supposed to remains of an aborigine, a colonist or a revolutionary hero. This "find" is gradually becoming as well known as the mummy of Raamses (the Pharaoh of the oppression), now in the Boulak museum, Cairo, Egypt.

Wanted in Ohio.

The police authorities today received a telegram from the State Reformatory at Mansfield, Ohio, stating that James Martin, alias Morgan, who was arrested in this city a few days ago for disorderly conduct, is wanted at that institution from which he recently escaped. Martin will be held here till he is sent for by the Ohio authorities.

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by W. F. Creighton Co., 401 King street.

Chamber of Commerce.

There was a well-attended meeting of the Alexandria Chamber of Commerce at the Fleischmann Hotel last night. President W. A. Smoot, jr., presided.

There was an interchange of views concerning the business prospects of the city, and considerable interest was manifested by all present.

The following gentlemen were elected as a board of directors for the ensuing year: Messrs. G. S. French, T. C. Smith, Ferd. Bendheim, A. D. Brockett, Worth Hulfish, F. S. Harper, J. M. Hill, Charles King, H. Kirk, jr., John Leadbeater, Harry Hammond, George D Hopkins, J. T. Johnson, W. A. Smoot, jr., W. B. Smoot, J. Y. Williams.

The following firms are now on the roll of the organization: Alexandria Fertilizer & Chemical Co., Alexandria National Bank, Henry Baader & Sons, Belle Pre Bottle Company, Bendheim & Hill, A. D. Brockett, Carlin & Hulfish Co., J. H. Crilly, Emerson Steam Pump Co., H. K. Field & Co., F. S. Harper, J. M. Hill, Charles King & Son Co., H. Kirk, jr., E. S. Leadbeater & Sons, N. Lindsey & Co., The Miller Co., Mutual Ice Co. Norfolk and Washington Steamboat Co., Old Dominion Glass Co., Robert Portner Brewing Co., Smoot & Co., C. C. Smoot & Sons Co., W. A. Smoot & Co., Washington, Alexandria & Mount Vernon Railway Co., J. Y. Williams.

Increased interest has been shown in all the recent meetings, and new names are being added constantly. The following, taken from the constitution, shows who are eligible to membership:

"Any individual, firm or corporation in good standing and engaged in business or a profession is eligible to membership."

Football.

The junior Alexandria Athletic Club will play the second Warwicks of Washington at Luna Park on Saturday at 3 p. m. A good game is expected. The line up of the Alexandrias will be Cook, center; Entwisle, right guard; Robinson, right tackle; Cockrell, right end; Crilly, left guard; Ale, left tackle; Stoutenburgh, left end; Smith, left halfback; Chillcotte, Capt., quarterback; McBride, fullback; Pitts, right halfback.

Property Sales.

Messrs. M. B. Harlow & Co. have sold for Mr. John R. Chapman, of Childs, Md., his former home on Seminary Hill to Dr. W. E Dienelt, who proposes, after making extensive improvements, to occupy the property as his home.

Mr. Luther Carter has sold to Mr. John W. Williams, of Quantico, a house in West End belonging to Mr. Chas. Mumford.

Keepers of Unlicensed Dogs.

Two colored women were fined $3 each in the Police Court this morning for keeping unlicensed dogs. A colored man who had been arrested on a similar charge had his case postponed. Officers Knight and Nicholson made the arrest. It is hoped the work will go on until all persons, white or black, who are defying the law will be made to pay the penalty prescribed.

Special Grand Jury.

Judge Barley, of the Corporation Court, has ordered a special grand jury to meet on Wednesday next to consider the cases of those persons now in jail sent on to await the action of the grand jury. Among the cases are those of John Ennis, Temple Howser, Jack Smith and Wm. Chiakalos, charged with robbery, and Waverly Lucas, charged with assault with intent to kill, etc.

Personal.

Mr. Charles Goodrich continues seriously ill at his home at the corner of Duke and Fairfax streets.

Miss Laura Smoot and her nieces, the Misses Danenhower, all of this city, are now in Paris where they will spend some time.

The Library.

On and after October 1st the Alexandria Library will be open every Monday, Wednesday and Friday afternoon from 3 to 5, also Tuesday, Thursday and Saturday nights from 7 to 9.

Shriners' Day at Luna Park.

"Shriners' Day" at Luna Park, tomorrow, is expected to be an interesting and enjoyable occasion. The Arab Patrol, which has the event in charge, have co-operated with Manager Gill in providing a programme, which will take up the entire afternoon and evening. All the attractions, including the circle swing, merry-go-round illusions, shoot the-chute and old mill, will be free to the children from 1 o'clock to 6. A baseball game and a football game have been arranged for competing teams from the cities of Washington and Alexandria. At 5 o'clock one of the big events of the day will take place in the musical shell. A marriage ceremony will be performed for a man and woman, whose names have been carefully kept secret and will be, until the event. The contracting parties will be conveyed in automobiles from their respective homes in Washington, to the station of the Washington, Alexandria, and Mount Vernon Railway, and in the private car of the president of the road will finish the trip to Luna Park. This car will be elaborately decorated. The marriage ceremony will be performed by the Rev. Dr. Fisher, of this city, and the bride will be given away by Jacobus S. Jones, the potentate of Almas Temple. A trip to Niagara Falls has been extended the bride and groom by the management of Luna Park. A second marriage ceremony will be performed in the musical shell, at o'clock and Mayor Paff, of Alexandria, will give away the bride.

On Monday next the Southern societies of Alexandria will give an excursion to the park, when an enjoyable time is anticipated.

Writ of Error.

The Supreme Court of Appeals has granted a writ of error and supersedeas to the judgment of the Corporation Court rendered in the case of Burroughs vs. the Knights of Columbus at the June term. This is a suit brought to recover the sum of one thousand dollars in a policy of insurance on the life of Burroughs. The Knights of Columbus contend that as Burroughs had failed to pay the monthly assessments as they became due, that he was under the by-laws of the order, ipso facto, suspended from his membership, and therefore could not recover. The court requires a supersedeas bond in the penalty of $1,500. Burroughs is represented by Jno. M. Johnson and Leo P. Harlow; the Knights by W. B. Reilly and Samuel G. Brent.

LOCAL BREVITIES.

Marriage licenses were issued in Washington yesterday to Joseph W. Springman, of Springman, and Annie V. O'Neill, of Washington; William H. Fletcher and Lucy E. Collett, both of Hume; Charles H. Wissner, of Fredericksburg, and Bettie L. Flippo, of Caroline county; Frank P. Croson, of Washington, and Ollie A. Speaks, of Manassas; and to Clarence E. Sullivan and Agnes J. Snellings, both of Fredericksburg.

An aged man, who was arrested yesterday in Philadelphia at the Bellevue-Stratford Hotel as a suspicious character, gave the name of Harold Morgan, of Washington, D. C. He is alleged to have mysterious checks in his possession. The checks were for various amounts and were drawn on banks in Baltimore, Washington and Alexandria. Over a hundred blank checks were in his possession.

The motor car of an incoming electric train ran off the track a short distance east of the intersection of King and Royal streets this morning. The motor car turned south into Royal street while the trailer continued for a short distance down King street. The derailed car was soon replaced upon the track.

JEWELRY.

Had Any Jewelry Accidents

While enjoying your vacation? If you had, do not throw the pieces away. What you may believe is impossible to fix, we are most likely able to repair and return to you looking like new.

We have just fixed up a broken brooch pin that came to us in an awful state. Now it looks as though nothing ever happened to it.

It might be well to have your travelling alarm clock and your watch cleaned. A great deal of sand and dust must have crept into them. Matter of this kind will eventually damage the works considerably. But if you have the cleaning done now you will not only prevent serious accidents, but will have the time-pieces in perfect repair for at least a year to come, and we guarantee our repairs for one year.

If you did not break your watch chain it certainly must show the wear and tear it was subjected to during the summer. Let us fix it up and replate it. Our charge is fair. Or if you would rather add a little to the repair charge and get a new chain purchase the guaranteed Z-K Gold Chain. The chain is guaranteed not to break in natural wear in twenty years.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes;

Dear Mrs. Pinkham:—

"I tried many different remedies to build up my system, which had become run down from lack of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

An Example of a Judicial Mind.

At a dinner attended by a score of well known lawyers recently the phrase "judicial mind" was defined by illustration as follows: "I have searched far and wide for a satisfactory definition of the inevitable query raised when judicial nominations are in sight," said one of the lawyers. "On a Mississippi river steamboat some time ago I obtained my only approximate answer. A southern colonel who employed the phrase yielded to my request for a definition and explained that on a certain occasion a legal light of Mississippi was traveling in a river steamer when the boiler exploded. As the boat was passing the penitentiary at the time the force of the explosion deposited the lawyer inside the walls of the establishment from which he had saved so many criminals. Being uninjured, as a clever lawyer would be under the circumstances, he applied to the warden for a release. The warden listened to the circumstances as he narrated them, but declined to release him, insisting that with the coming of prisoners he had no concern, but for their departure he was responsible. He therefore compelled the lawyer to wait for a pardon from the governor. That is my notion of a judicial mind."—New York Post.

The Ball In Lawn Tennis.

It is a curious fact that every book written on lawn tennis cautions the player to keep his eyes on the ball at the moment of striking it, yet there are very few expert players who do so. A rifle shot looks at his target, a bowler looks at the pins, and a billiard player generally looks at the object ball, not the cue ball. I have found it next to impossible to carry in my mind, while moving rapidly to play a flying ball, the exact height of the net, the direction of the lines of my opponent's court and his position, so that it has become second nature with me and with most other players to look up in the direction that the ball is to go before it actually leaves the racket. It is principally because the reverse of this is necessary in golf that lawn tennis players have so much trouble in mastering the old Scotch game. From tennis habit they take their eyes off the ball too soon for golf success.—J. Parmly Paret in Country Life In America.

The Floor of the Pacific.

The red clay which covers the deep floors of the Pacific and the Indian oceans is made up of refuse and residue—that which can withstand the strong chemical action of the gases. In it may be found decomposed volcanic rock, pumice, zeolitic crystals, manganese oxides, meteoric iron, teeth of sharks and ear bones of whales. Few if any shore deposits are apparent in it. The rock is vitreous refuse, belched forth by subterranean or insular volcanoes. The minerals are supposed to be of cosmic origin—planetary dust and meteoric fragments that have fallen into the sea and have become disintegrated. The great quantity of sharks' teeth remains quite unaccounted for—at least their apparent gathering together in these ocean basins is considered very strange.—J. C. Van Dyke in "The Opal Seal."

A Missing Five Franc Piece.

Fully half the grownup people of France believe the old story that Napoleon Bonaparte put a check for 100,000 francs in a silver five franc piece and that the coin is yet in circulation. They say that the people did not want the five franc piece and that in order to create a demand for it Napoleon resorted to the device mentioned. The check or treasury order, it is said, was written upon asbestus paper and inclosed in the metal at the time the coin was made. Thousands of five franc pieces are annually broken open and have been so inspected since the story of the check was first circulated.

Right of Way In New York.

Most people in New York think Uncle Sam's mail wagons are supreme. They are not. The hospital ambulance comes first. Life is more sacred than mail, and when the ambulance gong gongs clear the track. Next in importance is the fire engine. Property is more important than mail, and when the engine toots and the bells ring clear the way. Then the mail wagons, which have precedence over everything but the ambulance and fire engine. This is settled by city ordinance.—New York Press.

Two Witnesses.

In order to test a Chinese witness' qualification for taking the oath an English magistrate asked him the other day where he expected to go when he died. He replied, "Peking," and was disqualified.

In another English court, a little girl, in answer to that question said, "I don't know." The horrified counsel called the judge's attention to the answer. "Oh, I don't know, either," said the judge. "Swear the witness."

Sun Worshipers.

One of the best friends the tailor has is a spell of warm, bright sunshine. It shows up the shabby portions of dress and reveals its faded parts in unmistakable fashion, with the result that the wearers soon find their way to the tailor and order a fresh supply of up to date styles.—London Tailor and Cutter.
